

On the Virtual Road . . .

The world is sewing! Thankfully, SCHMETZ continues the manufacturing of our favorite needles with safety practices in place. With the abrupt halt to worldwide mass production of assorted goods, SCHMETZ shifted manufacturing priorities from commercial and industrial needle production to all home sewing needles. Let me repeat. All home sewing needles! While they are making household needles, they are catching up to the unprecedented demand. Yes, our sewing of masks and other needed goods, along with our love of quilting kept the production of SCHMETZ needles in operation. Our love of home sewing & quilting is a mighty force! While we continue to sew, remember to share the love and skill of sewing with others ... kids and adults. Of course, share safely. Stay safe & healthy & sew on

Marti Michell**

Live now at <http://www.schmetzneedles.com>.

We know Marti Michell as a mover & shaker in the quilt industry. International quilter, designer, author, business woman, Craftsy instructor, founder of the wildly popular Schoolhouse Series at International Quilt Market are just a few of Marti's diverse endeavors. Two years ago, Rita Farro & I visited Marti's special exhibit at the International Quilt Study Center & Museum in Lincoln NE. We were awestruck at Marti's vast contributions. Rita Farro's interview captures Marti's remarkable career. Thankfully Marti supplied a timeline too. We feel as if for the first time we are seeing and comprehending Marti's vast contributions to the home quilting industry. Curious, creative, tenacious, professional, all wrapped up into a friendly & kind Marti Michell. Marti is not only a mover & shaker, she is an icon in our wonderful quilt world. Thank you Marti for your kindness and immeasurable contributions to our industry. [Click HERE.](#)
